

Clay City, Ind., Aug. 31.—Mrs. Kathryn Crase was instantly killed by the discharge of a shot gun, which tore away the back of her head. She was at the telephone and fell in front of the instrument letting the receiver fall. Her 15-year-old son said he loaded the gun to hunt squirrels and that his mother took it from him and went into the house. He said he was in the room when she shot herself, but later declared that he was in the yard when the shot was fired and went inside and found his mother dead.

L. D. Campbell, Rinne's son-in-law, said the Irish promoter shot the Campbell-Bannister as a favor to him and to avoid for pens.

PROF. F. F. ORR IS PRESIDENT

MISS LITZENBURG OF UTICA IS
RE-ELECTED SECRETARY BY
COUNTY TEACHERS.

Election of Officers Friday Afternoon
at Closing Session of Teachers'
Institute.

The Friday afternoon session of the teachers' institute convened at 12:30 in order that an early adjournment might be made.

Mr. D. D. Pryor of Croton, a member of the county examining board, spoke briefly in behalf of the O. T. R. C., urging that every teacher enroll as a member of the organization, whose members will be credited with work done in the granting or renewal of teachers' certificates. Township secretaries have been appointed to aid the duties of Mr. A. B. Prior, county secretary.

The most important business session of the week was the election of institute officers for the coming year.

For the office of president, Mr. F. F. Orr, superintendent of Jacksonville schools, was nominated by Superintendent Will H. Miles of St. Louisville. The nomination was seconded by Mr. Coy, superintendent of schools at Hebron.

There being no opposing candidate the election was made unanimous and the secretary instructed to cast the ballot for Mr. Orr.

Miss Kate M. Litzenburg of Utica, who has so ably filled the position of secretary, for the present year, was renominated by Miss Flora Hoover of Granville. This election was also made unanimous, and Miss Litzenburg being secretary, the chair, J. L. Clifton, was instructed to cast the ballot for her.

In the executive committee two places were to be filled, the candidate receiving the highest number of votes to serve for three years, the second in number for two years. There were three nominations. Superintendent R. H. Nichols of Hanover was nominated by L. C. Brown of Jersey; Harry D. Willison of Croton, by Superintendent D. D. Pryor, the nomination seconded by J. W. Adams. Superintendent E. T. Osborn, of Summit Station, who is now filling the unexpired term of Mr. Jones, was nominated by Mr. F. P. Householder, superintendent at Utica. Messrs. Brown, Householder and Hamilton were appointed as tellers. The election resulted in the choice of R. H. Nichols by a vote of 113 and E. T. Osborn, 185, for the two and three year terms respectively. H. D. Willison receiving 74 votes.

PROF. MILLER'S ADDRESS.
Owing to the inclemency of the weather it was a small but appreciative audience which gathered on Thursday evening at the Central Church of Christ to hear President C. C. Miller of Lima college, who spoke on "The Value of Time," or "The Age of Young Men." In terse, forcible words, Dr. Miller declared the age of young manhood the age of opportunity, showing in what sense the much derided Oiler theory may be regarded as true, and citing examples from the lives of Alexander, Julius Caesar, Public Cornelius Scipio, of ancient history—Washington, Gladstone, Grant, Roosevelt and a host of others in our own day. In special deference to the audience before him, the speaker made special application of his general truths to the great army of teachers, recommending in closing one never-failing axiom of success, "The world

will give back to you what you give to the world."

Special music for the occasion was ably furnished by Professor W. W. Flora.

THURSDAY AFTERNOON.

On Thursday afternoon, after roll call, Mr. E. S. Osborne, retiring secretary of the O. T. R. C., spoke to the teachers concerning the work of that organization, and was followed by Mr. A. B. Prior, secretary-elect.

By request, Mr. Pierson changed his afternoon subject, to speak on "Burns and His Poetry."

When you stand in the ancient Scotch city of Ayr, or look about the Tam o'Shanter Inn, or think about the statue erected in that city to Robert Burns, you begin to think that the Scotch poet really lived. It's a great thing to realize that there was such a man. Then you can wander out to the little hut where the poet was born, and where the very rafters are worthy to be revered. One of the noblest tributes ever paid to Burns' memory was the poem written by Robert Ingersoll under this very roof.

As a boy, he had three teachers—the schoolmaster proper, the old woman in the home, who was versed in witch lore and fairy-craft, and the girl who sang with him in the field.

Burns had a tragic life. He fell in love—more than once—in fact, he seemed to have formed a habit of falling in love. To his first and dearest love, Mary Campbell, were written two of his most beautiful poems, "Highland Mary" and "To Mary in Heaven"—the latter, perhaps, best of all he has ever written.

Perhaps the saddest chapter in the tragedy of his life is his marriage to a woman unworthy of him.

When independence was ringing from Independence Hall in Philadelphia, and from Notre Dame in Paris, Burns was the first man of Great Britain to catch the spirit of liberty—he was the first spokesman of the people. "For a that" is, in some sense, a great national hymn voicing, through him, a new independence.

Stand in Sterling and look upon the monument to the memory of William Wallace and again the martial strains of "Scots, wha hae wi' Wallace bled" are calling to battle and victory.

A recital of Burns' greatest humorous poem, "Tam o'Shanter," with amusing interpretations and of his pathetically beautiful, "John Anderson, my Jo John" closed the lecture, and proved Mr. Pierson as apt a pupil of Burns as he had previously shown himself a master interpreter of Shakespeare.

Miss Dollison, entering into the spirit of the hour, began her singing lesson with one verse of "Plow Softly Sweet Afton." Her talk for the hour was on "Child Songs for Special Occasions," illustrated by means of the special compilation of songs prepared by Miss Dollison for the week's work, after having tested them in her own classes.

After intermission, and a pleasing vocal solo by Mr. Walters, Professor Humphrey resumed his talk on history, taking as his special theme, "The Greatest American General—Grant." What brought Grant into prominence and stamped him distinctively as a leader? Grant was a boy like every other one. He loved horses, but didn't like school. He was driven to West Point, where he proved himself a mediocre in books, but graduated in time to participate in the Mexican War, being in every battle save that of Buena Vista.

When the Civil War broke out, there was no great demand for Grant's services; but some one discovered his genius as a disciplinarian, so he was given his chance, and first came in prominence at Ft. Henry and Ft. Donelson.

But Grant had not yet attained greatness, so we turn our attention toward Vicksburg. In 1862, Grant, with his army, started from Tennessee, down through Mississippi. Confederate forces harassed him, and for ten or fifteen days he was cut off from communication with the world. At Holly Springs his store of supplies was destroyed, and he ravaged the surrounding country to repair the loss.

In the siege of Vicksburg "the problem was to get behind the city on the highland. Then the second problem was to subordinate to their use the great Father of Waters."

The two strongest points were already in possession of the Confederate forces, backed by abundant supplies from surrounding harvest fields. In his early plans and attempts to capture the city, Grant tried five times and failed—he tried the sixth time and won.

Spring came, and the people were clamoring for Grant's removal; but Lincoln liked him and stuck by him. To the Union army there were open three lines of action, and Grant took the one which looked like the best one. The decision was made that the army move below the city, capture Fort Hudson, and then move back up to Vicksburg.

In pursuit of his scheme, he took a desperate course, which no one would expect—and loose from his supplies, trusting to live off the country as he progressed. Fortifications of the Confederate forces assailed him on every side, but Grant deflected his own cannon in five batteries, captured a hundred cannon, destroyed fifteen thousand of troops, and joined Sherman on the plains behind Vicksburg.

FRIDAY MORNING.

Devotional exercises were again conducted by Rev. H. Newton Miller. Miss Dollison then conducted a general review of the week's work in music.

Professor Pearson's morning lecture considered "The Drama of Job"—one of the greatest dramas in the world's literature. We don't read the Bible enough. There are the most beautiful stories to be found anywhere, only we spoil them by reading by chapters. Most of us have the feeling that if we read one chapter a day we are doing pretty well. If you want to enjoy the Book of Job, or any other, don't see any chapter division—read it as a whole.

It is a pretty story, with a rich man, and a good man, as its hero. The drama hinges on one question, "Does goodness pay?" It always seems that the bad people are the ones who prosper, and have success—if you don't stop to define success. The notion that a pocket full of money spells success is vanishing—a man nowadays is almost afraid to acknowledge himself a millionaire.

But Job was a really good man, and God took delight in him. It was Satan who suggested that his goodness lay in his wealth, so his riches were swept away.

Anyone familiar with the story might well consider the word "alone." The most ornate word in the English language. One by one come messengers to tell him of disasters from which they only survive. In these messages you read the very wreck and ruin of all Job's hopes.

What does Job do? What would you do? Not what Job did, for he "fell on his face and worshipped God."

Job was not vanquished, so the adversary obtained permission to touch his body, and he was afflicted from head to foot. He who had been the great man of the town, heard the clamor that he be banished from his streets. His wife did not help him, save with advice to "curse God, and die." And still Job prayed to God. His friends' taunt his misfortune, and the riches of his apparel to them is unsparingly passed in the English language. A little comfort and sympathy would have brought sunrise to his soul, but his self-appointed advisers had none for him, save to preach of judgment upon the wicked. He is an alien from his own; he is drinking the very dregs of suffering.

Up to the twenty-sixth chapter of Job, and read the greatest creation that ever been printed. Then the scene changes, and suddenly God is the speaker. Job, afflicted with sore

from head to foot the audience, and a whirlwind the stage. When you get to thinking that you know a great deal, read the thirty-eighth chapter of Job, and try to answer the questions there—your conceit will vanish.

There was only one more degree for Job to take—he must be brought face to face with infinity—and he stood the test. Then this outcast came to the altar as High Priest, and his self-righteous friends, slinking away, cringed and begged for his intercession. Job stands as proof forever that uprightness is worth while.

After intermission and roll call, came Professor Humphrey's address, "Chattanooga." In beginning, this being his last opportunity to address the institute, he expressed his pleasure with the week's work and appreciation of the kindnesses received in Newark, and also voices the hope that if one word of his has aroused inspiration in one teacher his work would be repaid. The historical review of "Chattanooga" followed in regular sequence previous historical studies of the week.

PHANTOM CROWDS

At Grant Park Were Seen by Zanesville Sport Writers This Season.
4000 People on Sunday.

Zanesville papers are still harping on how false reports are that were sent out saying that Zanesville was dead as far as baseball was concerned. The Times Recorder this morning says that Sunday crowds numbering 4,000 and week day crowds numbering 1,000 is proof that the town isn't dead. We remember a game at Zanesville when there were 200 people present. Twenty-five or fifty were Newark people, while half that number were members of the Klitties band which was playing at the park that afternoon. The majority of the rest were dead heads. The correspondents soon became so ashamed of the attendance of the games there that they stopped putting in the attendance when the reports were telegraphed out of town.

FAMILY REUNION

Of Descendants of Maurice Jones Was
Held Thursday Near Village of
Alexandria.

A family reunion of the descendants of the late Maurice Jones was held on Thursday at the country residence of Mr. Edward Jones, who resides near Alexandria. A splendid dinner was served on the lawn and the dainties of the season were spread in great profusion.

There was an excellent attendance of the immediate descendants and their families and all had a most enjoyable time, from the time they saw the word "Welcome" arranged in flowers on the lawn until Mr. Hubbard, the photographer, took a snap shot of the happy reunionists.

All were sorry to leave the scene of so much enjoyment and departed thinking their hosts for the efforts made for their entertainment.

The following were present: Mrs. Sarah J. Price, Welsh Hills; Mr. and Mrs. Edward Jones and family, Alexandria; Mr. and Mrs. Enoch Jones, Granville; Mr. and Mrs. J. B. Jones and son, Rover; Mr. and Mrs. M. O. Nash, Owen A. Nash, Miss Caroline Jones, Misses Jennie, Sarah and Lizzie Jones, Mrs. Burton A. Jones, all of Newark; Mr. and Mrs. M. R. Jones and family, Hightwater; Mr. and Mrs. John Glynn, Johnston; Mr. and Mrs. R. F. Tyler and family, Alexandria; Mr. and Mrs. Bernard Price and Mrs. T. P. Jones, Granville; Mr. and Mrs. Oscar J. Jones and Miss Ruth Longfellow, Urbana, O.; Prof. H. C. Price and Dr. and Mrs. F. O. Williams and daughter Margaret, Columbus; Prof. and Mrs. S. Gay Jones, Owatonna, Minn.; and Rev. C. F. Schneider, Alexandria.

It is to be hoped that the reunion will be held annually, and that there will be a larger attendance next year.

Marion, Aug. 31.—Newark played her first game in this city Thursday afternoon and was presented with a shut out, Marion bunched hits and making a total of three runs. About 300 fans turned out and witnessed a game in which a number of fast plays were pulled off. Webb and Wilhelm, both left handers, opposed each other and the former was hit quite hard at times, while the home team was not out of danger until the last man was out.

The shaking up given the team by Manager Drumm seems to have had a good effect and the locals fielded their positions perfectly.

Wilhelm kept the five hits made off him well scattered, while the locals secured ten safe ones which came at opportune times. They scored their first run in the second inning by some clever playing. Flood got to first on balls and Drumm laid down a sacrifice to the pitcher. Webb attempted to throw to second to retire Flood, but the latter reached the sack at the same time as the ball and was hit with the ball. Drumm reached first on the fielder's choice. Quinn then sacrificed the men to third and second, and Lauzon hit a slow one, down the third base line, on which Flood scored while Drumm went to third. Lauzon stole second and Drumm attempted to come on the throw down, but was caught at the plate. Ingerton grounded to short and the side was retired.

The second run was made in the fifth after two men were out. Ingerton lined out a safe one and Wilhelm followed with a grounder to short. Davis fumbled the ball and when he recovered it threw wild to second, and the ball going to the right field, Ingerton reached third base. He scored on Cooper's single to left field. Miller fanned and the side was retired.

The last run was secured in the seventh when Ingerton, Cooper, Miller and Gilligan each hit safe. The features of the game were the fielding of Haval, Drumm and Flood, the pitching of Wilhelm and the backstop work of Lauzon.

BITTEN BY DOG

Miss Moore of Chicago Visiting South of Newark Badly Hurt on Thursday.

(Special to the Advocate.)

Jacksontown, Aug. 31.—Miss Moore, of Chicago, who has been visiting her uncle, John Cummins, near Melgin, seven miles south of Newark, for some days, was badly bitten by a dog belonging to Mr. Cummins on Thursday.

A number of young people were having their photographs taken in the yard and were endeavoring to make the dog lie down. Miss Moore put her arm around the dog's neck when the animal snapped at her, sinking his fangs in her left cheek. One of the fangs went entirely through the cheek inflicting a very ugly wound which required three stitches to close. Dr. Ashton of Jacksonville dressed and cauterized the wound.

DECISION ON TUESDAY SEPT. 4

AUDITORIUM INJUNCTION CASE
TO BE DECIDED BY JUDGE
C. W. SEWARD.

It Will Determine Management of the
Local Theater—Other News
From Court House.

Judge C. W. Seward announced Thursday evening at the conclusion of the testimony and arguments in the case of Charles E. Matthews vs. the trustees of the Memorial Auditorium that the decision in the injunction case will be rendered on Tuesday, September 4.

The case had consumed the whole day in Common Pleas court. It was warmly contested by the attorneys, Flory & Flory and Frank A. Bolton for Mr. Matthews, Kibler & Montgomery and Judge Rees for the trustees of the theatre.

Mr. Matthews holds that he was duly elected manager for the current year and has made his bookings and arranged the principal part of the work for the year. The trustees declared the office of manager vacant because Mr. Matthews had secured an assistant in the person of Mr. Graham as he had arranged to do certain work that would require his attention out of the city part of the time. When the trustees took possession of the house Mr. Matthews obtained an injunction which gave him possession and the court is to decide whether Mr. Matthews will continue in charge of the theatre for the season, or whether the trustees have the right to name his successor to take immediate charge.

Three Gas Cases.
The three cases of the Ohio Fuel Supply company against Dwight and Mary Smythe, William Hunter and William Youst, came up for hearing in the Probate court Friday morning on the preliminary questions of jurisdiction and the right and necessity of the corporations to condemn the lands for right of way for natural gas pipes. There is quite an array of legal talent on both sides, and in addition to the Newark lawyers, James R. Fitzgibbon, Edward Kibler, A. A. Stael and P. B. Smythe, Frank V. Owens of Mt. Vernon, Senator Thompson of Mt. Vernon, and Hon. Frank Monnett of Columbus, are present.

TROUBLES OF HEALTH OFFICER

Madison Township Farmer Wanted
Him to Kill a Few Dogs.

Health Officer Clark B. Hatch certainly has his troubles these days, but is telling a new one to his friends. His telephone rang a few days ago and he learned that it was a farmer from Madison township talking. The man told a great tale about a neighbor who was harboring a canine with a litter of nine puppies. He wanted Newark's health officer to come forth with and destroy the entire family, but was informed that he would have to take his troubles elsewhere.

Another farmer residing near the Four Mile Lock, "phoned to Dr. Hatch that a huckster left a dead horse on his property and he wanted the health officer to remove it at once. This complaint was referred to his township trustees.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp Root. Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y., on every bottle.

GREAT MEETING

(Continued from Page 1.)

cheered and screamed, but eventually Chairman Johnson secured comparative quiet and introduced Augustus Thomas, whose every reference to Mr. Bryan called for additional cheers. Chairman Johnson then introduced Mr. Bryan. Mr. Bryan was presented at 8:40 o'clock. As he arose the audience was on its feet as one man. The cheering which began at that instant did not end until 8:48, and then only after Mr. Bryan had waved his hands frantically in an effort to still the waves of noise which rolled in from the audience and beat upon the speaker's platform. At first the man for whom the demonstration was planned stood bowing and smiling. Then his attitude was one of appeal. This at last prevailed, as the cheering died away in reverberating echoes along the girdered roof, and Mr. Bryan began his address.

When Mr. Bryan uttered his first words, "Mr. Chairman," there was tremendous applause. "Ladies and Gentlemen," he continued, after "three cheers for William J. Bryan" had been called for and given, "how can I thank you for this welcome home? My heart would be flint indeed if it were not touched by your demonstration. My heart would be ungrateful beyond measure if it did not in return consecrate itself to your service. It was kind of the Commercial Travelers' Anti-Trust league to propose this homecoming reception. It was kind in Gov. Folk to come all the way from Missouri to bring the testimony that he brings in his official career of love for civic purity, that he might join in this reception. It was kind in Tom Johnson, that example of moral courage that we so much need in this country, to lend his presence to this occasion; kind in the officers of this league to bring you here; kind in Mr. Thomas to voice the welcome in words so generous that I could not admit myself worthy of them; kind in you to so fully recompense me for any danger that I have encountered or any sacrifice that I have made in being absent so long, from my native land. I cannot use a better phrase than the old simple one 'I thank you.'"

One Discordant Note.
The only discordant note sounded during the evening was when Mr. Bryan turned to a discussion of Socialism and declared that the man who says the trust is an economic growth and has come to stay is the one who is helping the Socialist. Some one yelled, "Three cheers for Socialism," but the call was drowned in hisses. Mr. Bryan quickly said: "My friends, I have no objection to any man expressing himself in favor of Socialism, because the Socialist, as a rule, is an honest man. He is seeking what he believes to be a beneficial measure with argument and not with a business. I deny that the trust is an institution necessary for economic purposes. I deny that it is an economic institution at all. It is not economical, it is political. It rests not on natural laws, but on man-made laws."

Mr. Bryan concluded his address at 10:10 o'clock and then the audience cheered wildly for a minute. Then many hundreds rushed toward the platform to shake hands with the speaker. He smiled again and again. Mr. Bryan was a trifle hoarse when he ended, and said he had not made a speech in a long time to such a vast audience or one that had cost him so much physical effort.

Mr. Hearst came in for a large share of the demonstration following the adjournment of the meeting. Many persons surrounded his box. He bowed acknowledgement and finally made his way out through a great crowd.

At 10:20 o'clock the vast garden was practically empty and a few minutes later the lights were out.

Overflow Meetings.
There were several outside meetings, the principal one of which was addressed in the early part of the evening by Representative Sulzer of New York, Governor Glenn of North Carolina and Mayor Lahlman of Omaha.

When Mr. Bryan had concluded his garden address at a few minutes after 10 o'clock and appeared outside the hall, he received another ovation. He needed no introduction to the vast crowd which had waited so long to hear him and he spoke briefly.

Mr. Bryan was then driven with Mrs. Bryan in automobile directly to his hotel, where he was greeted by W. R. Hearst. The party went to the reception rooms, where they talked for some minutes. Shortly before 11 o'clock Mr. Bryan, much fatigued, retired to his apartments.

RECORD OF B. & O. ENGINE NO. 885

LOCOMOTIVE WHICH KILLED
FIVE MEN IN ONE DAY
THIS WEEK

Is Same That Caused Engineer Milo Francis' Death Four Years Ago.
Railway News.

Is engine 885, of the B. & O. railroad "hoodooed"?

This question is being discussed by some of the more superstitious of the railroad employees and if such a thing were possible it seems that fear of the engine would be only natural. It is true that her record locally is rather black.

She was pulling a special train of Knights of Pythias when she struck two horses on the track and was overturned, almost instantly killing Engineer Milo Francis, about four years ago. She ran into a party of Hungarian laborers near Loveland on Wednesday last on the B. & O. S. W., killing four of them instantly and badly injuring two others. The latest of her accidents was the killing of the round house employee, James Hickey, and the serious injury of John Connor, after returning from her fatal Cincinnati trip.

Standing outside the round house Friday morning, emitting little jets of slowly ascending steam, undergoing the usual "brightening" process, she gave the impression of a huge, drowsy looking animal waiting for its turn in the circus arena. Her attendants were looking her over with care and seeing that she was in the best of condition for her regular trip with train 108, back to Newark on 104, and out again the next morning on 105. She is regularly driven by Engineer Fritz Cummings who prizes her as is customary with engineers, as a horseman would prize a valuable pot horse. The men who work about her say that she is faithful and a good time maker, responding readily to the throttle and the air, and that her only bad fault is the mania she seems to have for human life. Very frequently when she pulls into the round house after a run the pilot is found carrying two or three dead birds.

In this connection officials of the shops here were talked with regarding superstition among railroaders. One official stated that the employees here were not near so much afraid of "12," a hoodooed engine, unlucky days, etc., as used to be the case. "In fact," said he, "we notice very little of such a feeling, excepting in one instance. That is about Fridays. We have considerable trouble about that, for there are quite a number of the boys who object to being 'marked up' for duty on Friday. That is about the only hobby that we have to contend with any more, and I believe they're outgrowing that, although it often has a bad effect on new men."

1000 Mile Tickers.

New York, Aug. 31.—The Pennsylvania railroad will begin selling its new 1000 mile tickets at all ticket offices on September 1. This ticket is in the form of a book, which contains coupons entitling the holder to travel 1000 miles over any of the lines of the Pennsylvania railroad east of Pittsburgh, Erie and Buffalo, inclusive, and the Cumberland Valley railroad.

It is valid on all passenger trains except the Pennsylvania special, the 18 hour train between New York and Chicago. It is sold at the flat rate of \$20, or two cents a mile. The name of the holder does not appear upon it and it is good for the transportation of any one who presents it and as many others accompanying him as the mileage limit will include.

GRANVILLE

"Shower" for Miss Harford—Prof. Tight's Mother Very Ill—College Town Personals.

Granville, Aug. 31.—On Wednesday evening, August 29, Miss Ruth McKibben entertained at dinner about twenty young ladies in honor of Miss Harford, whose marriage to Rev. Clarence Eddy is to be solemnized on September 5. The affair was in the nature of a "shower" and the presents were dainty and beautiful.

Mrs. Thalia Tight, mother of Prof. W. G. Tight, president of the University of New Mexico, at Albuquerque, is seriously ill at her home in Grove City, near Columbus.

At a meeting of the board of education on Wednesday night, Miss Steddem of Croton, was elected teacher in the primary to take Miss Swing's place, who resigned some time ago.

Tuesday evening Misses Bess Thornton and Lillian Lampson will give a "shower" for Miss Grace Harford.

"Shower" parties will be given for Miss Juanita Belford by Miss Gwendolyn Jones and Mrs. John Owen on Saturday evening.

Mr. and Mrs. L. A. Austin who have been on a trip to Toledo, Cleveland, Detroit and other places for the past two weeks, have returned home.

County Commissioner John S. Bamberly will move to Granville and occupy part of Mrs. Julia Watkins' house on Pearl street. He will send his children to the public schools.

NEW FACTORY

In Sight of Utica—Hayes Bros. Are Looking for Location—Miss Wilson's Loss.

Utica, O., Aug. 31.—Mr. Hayes, a member of the firm of Hayes Brothers who have a factory at Marion, Ind., for the manufacture of white lines, such as caps for fruit cans, was in Utica this week. Mr. Hayes has been looking for a new location for the plant, and after seeing Jackson and some other towns he expressed a decided preference for Utica. His concern would employ fewer men than window houses, but would run the year around. If he can be assured of about 300,000 feet of gas a day at a fair price, it is probable that a location can be furnished him here.

Mr. Hayes was entertained by his friend, George Schad, who vouches for him. A card case stolen from Mrs. (Mrs. Wilson) in an ice cream parlor several weeks ago has been found, but a \$20 bill which it had contained is missing.

Ruth, the little daughter of Mr. and Mrs. J. A. Croc, died Monday at Newport, Washington, county, where the parents were visiting relatives.

BANK CLERK

Mt. Vernon—Took Number of
Check for Amount.

Mt. Vernon, Aug. 31.—Banking circles were shaken yesterday afternoon by a bank clerk at the Guaranty Savings bank making a mistake of \$2179 in paying a check.

Ralph Gantt, a plumber, secured a check from a local attorney for one dollar and sent his boy helper to the bank to cash the check. The boy returned in a few minutes with his hands full of bills. The clerk had mistaken the number of the check for the amount and had paid out \$2179 too much.

After consultation with the attorney to determine if he had made a mistake in writing the check the money was returned to the bank.

Mrs. Jennie Linn of Columbus
Ohio.

Buckeye Lake, Aug. 30.—One of the greatest camp meetings ever held in this section of the country is being held now at Summerland Beach, one-half mile east of Millersport, by Rev. Jennie Linn, the well known Evangelist and singer of Columbus. Mrs. Linn's cousin has been assisting in the services two weeks of the meeting, Rev. H. G. Solomon of Hope, Ind.

Mrs. Linn is in charge of the meetings and preaches every night during the week, and holds all-day services on Sunday. Also a baptismal service on next Sunday at 2:30 in the lake.

A good many souls have been saved. Mrs. Linn believes in old-time religion that comes to the heart without money and without price. The gates are thrown open. She never says anything about a collection.

Miss Jennie Holcomb of Columbus is singing in this camp meeting. Mr. J. C. Linn is manager of the grounds. A string band consisting of nine men and women have charge of the music Saturday nights and Sundays. Mrs. Linn's adopted daughter, Miss Jessie May Linn is also with her. Mrs. Abbie Sharp of Pickerington, O., is organist, and Geo. Good of Pataskala, chorister. Mrs. Linn is announcing from the pulpit each evening a reunion to be held on the camp ground next Tuesday, September 4, for all the converts saved in her meetings between Sedalia and Newark. She will preach in the afternoon. Bring your dinners and stay all day. If all turn out there will be more than 200 between these points. All other persons are invited to this reunion.

PAINS

AMERICAN WOMEN FIND RELIEF
The Case of Miss Irene Crosby Is One
of Thousands of Cures made by Lydia
E. Pinkham's Vegetable Compound.

How many women realize that it is not the pain of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Miss Irene Crosby, of 313 Charlton Street, East Savannah, Ga., writes: "Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful periods when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular periods, headache, bloating (or flatulence), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

No Longer Need Go A-Milking—Prosy
Old Machine Has Taken Their
Place in the Dairy.

Urbana, O., Aug. 31.—The novel sight of milking cows by machinery is now seen at the McCrory creamery farm, just west of this city. The McCrorys have 160 cows on their farm, and have been employing ten men to milk them. Now only two men are employed in connection with the milking device.

The plant consists of a four horse power gasoline vertical engine, a long line of piping running the length of the barn on all sides just over the heads of the cows, tubes leading from this pipe to the cans, tubes leading from the cans to the cows, and four nipples which fit the cows' teats. The engine creates suction in the pipes, and a vacuum is the result, which operates the rubber nipples. The work of the machine is declared to be satisfactory.

PAID FOR GEM WITH HIS CHECK

TELEGRAM FROM MAINE SAID "NO FUNDS" BUT FELLOW HAD LEFT TOWN.

Officer Carroll of Newark, However, Arrested Man and He Was Taken to Coshocton.

Coshocton, O., Aug. 31.—A plausible story told by a smooth individual of good appearance trapped C. M. Hay, jeweler, with accepting a worthless check for \$40 Thursday morning in payment for a diamond ring.

The bunco artist represented himself to be C. J. Scott of Portland, Maine traveling for a postal card house. About 10 o'clock he went into Mr. Hay's store and asked to see some diamonds, picking out a stone valued at \$40. He offered to pay with a check, showing his bank book on the Mercantile Trust Co., of Portland, Maine, with deposits of between \$2,300 and \$2,400. Mr. Hay accepted the check taking it at once to a local bank and telegraphing the Portland bank concerning the account. About 1 o'clock a telegram came from the Portland bank that there were "no funds to the credit of C. J. Scott."

Officer Patrick Carroll of the local police force, received a description of the man late in the afternoon and watched the incoming traction cars from Zanesville. About 5 o'clock, Officer Carroll noticed a stranger answering to the description furnished from Coshocton, walking towards Kuster's restaurant on the North Side.

The patrolman accosted the stranger, who proved to be the man wanted at Coshocton. He was very indignant over being detained but was taken to the police station nevertheless. When searched at the city prison he had a beautiful gold watch and a diamond ring with three beautiful stones in it.

Chief Wallace of Coshocton arrived in the city early Friday morning and took the prisoner back to Coshocton.
